

Our FREE High-Quality Programs

Brighter Financial Futures is a nonprofit organization committed to empowering K-12 students with the essential skills needed to navigate personal finance, entrepreneurship, and career readiness. Brighter Financial Futures sponsors dynamic programs and competitions that engage students in learning critical financial concepts. With a mission to enhance the financial literacy of young people, the organization has provided training and support to hundreds of teachers, helping to build a generation financially competent and responsible.

Dream-Learn-Pitch

Dream, Learn, Pitch is an entrepreneurship program that teaches middle and high school students essential skills in business creation, financial literacy, and problem-solving through our Learning Management System. The program culminates in our Business Pitch Competition, where students present their business ideas to a panel of judges, for scholarships and other prizes. Visit DreamLearnPitch.org

Personal Finance Lab

Personal Finance Lab is an interactive learning platform that teaches students essential financial skills and includes two simulations the Budget and Investing Challenges. The program prepares students for success in life and work. There are quarter and full semester programs. You can have it free through our nonprofit with the registration link below or purchase it directly from StockTrak.
