

1

## Register

Signing up isn't difficult! Simply visit [dreamlearnpitch.org/signup](https://dreamlearnpitch.org/signup) with your students. After registering, they'll have instant access to our learning resources. They'll also have the ability to submit a business pitch and qualify for the opportunity to earn great prizes.

2

## Learn

We've consolidated our curriculum into 8 core lessons. The concepts covered in our program are vital to understanding the challenging world of entrepreneurship. Our system allows students to work at their own pace and track their progress! Users earn points and gain levels as they move through our engaging curriculum. Compete with others and earn badges on your way to the grand prize!

3

## Pitch

Our curriculum culminates into a fast-paced business plan competition. Participants are able to submit their pitch video as soon as they feel that they are ready, and the submission will remain private to other competitors!

4

## Service

As a service to teachers, we will provide you with all your video submissions to manage your classroom. Registered teachers will vote before moving on to a panel of judges for a final decision.

5

## Win

We've partnered with Pennsylvania College of Technology to take our competition to the next level. Our grand finale concludes with scholarships for the top team. We also compensate finalist teachers for their guidance. See our prizes at [dreamlearnpitch.org/win](https://dreamlearnpitch.org/win)
